

PVS UB Production and Repair

Welcome to our student enterprise in Technology and Industry. We repair and produce the products YOU need!

Our motto: "Our craft, your trust"

About us

We are a student company from Porsgrunn VGS who are studying within the Technology and Production Subjects.

We are fifteen hardworking 16-year-olds who want to help you with your mechanical challenges. We deliver high quality reparations for a cheap price.

Our hours of operation in the workshop are:

- Wednesday: 12:00 – 15.30
- Thursday: 08:00 – 11.30

We are always motivated and ready to help you

Our employes:

General manager: Wilhelm Bunnam Bårdsen

Accountant: Øystein Larsen

Financial manager: Birk Henriksen Korsmo

Chairman of the Board: Per Thorsen

The Board: 1TIA

The rest of our employes are production workers.

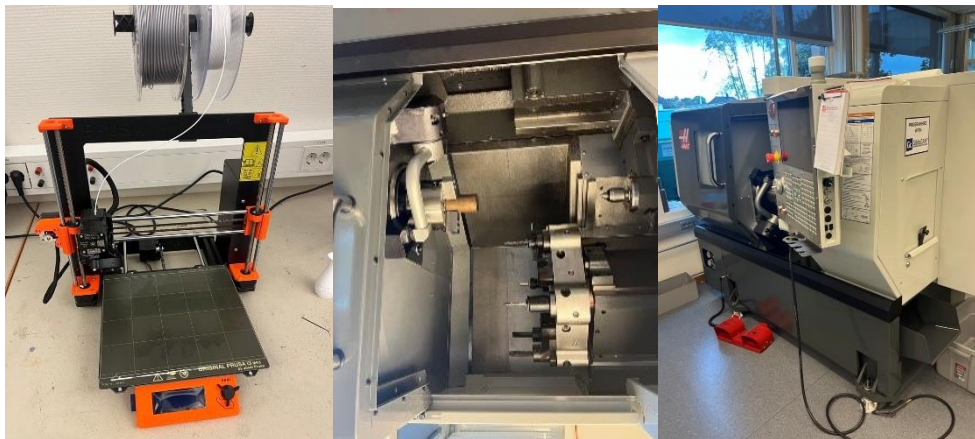

English

Production and Service

We at PVS UB Production and Repair offer the following services:

- Repairing damaged items made of metal and plastic
- Surface treatment of items
- Creating technical drawings according to industry standards for businesses and others
- 3D printing plastic parts
- Welding steel items together
- Manual machining in plastic, aluminum, and steel
- Manufacturing items on a CNC lathe
- Manufacturing items on a CNC milling machine
- Plastic repairs and fiberglass

Price and delivery time are discussed and agreed upon directly with the customer.

Contact Us

Feel free contact us for a non-obligating chat. We want to accept everything from large to small jobs. Production at the workshop takes place on Wednesdays and Thursday, but feel free to contact us from 08:00 - 17:00 Monday through Friday.
